Dear Sirs:

I think you should not take K-LOVE off the air. If you did, I don't know if our city would hold together. Some people would go back to being drunk and stop reading the Bible. Because some people meet Jesus by music. I think people would not have anything to do anymore. So please keep K-LOVE on the air.

Dear Sirs:

I dearly like K-Love because it teaches people about Jesus Christ. Whenever I'm sad, I turn on K-Love. If you take K-Love off the air, a lot of people would not trust God or read the Bible or accept Jesus as their personal Savior. K-Love puts on Godly songs. It changes people's lives and it changes their heart.

Dear Sirs,

I love K-Love. I listen to it all the time. I personally don't want it off the air. I'm sure other people don't want it off the air, too. If you take it off the air you will be taking away the music of God away from the followers of God. My family listens to it; my teachers listen to it, too. I do it on the way to when I'm leaving school, when I'm on a road trip, and when I'm in the shower!

Dear Sirs:

I like R-Love's music. Please don't take the music, it helps me learn about Jesus Christ. I can not live without it.

So please don't take R-Love away.

Please sir, thank you for bringing us R-Love. And if you take it off, you can not love God and if we do not have R-Love we can't get Christ for us.

Please don't take it away.

I am writing you to tell you about my trip to the mountains. I have been there for a week now and it has been a wonderful experience. The weather has been perfect, with temperatures ranging from 60° to 80°. The air is fresh and clean, and the views are breathtaking. I have visited several national parks and forests, including Yosemite and Sequoia. I have also hiked through the Sierras and the Colorado Plateau. The landscapes are diverse and stunning. I have seen many different types of animals, including bears, mountain lions, and elk. The people I have met are friendly and welcoming. Overall, it has been a great trip.

To Whom It May Concern:

K-Love is a wonderful station. I think when my big brother turns on another station how it talks about horrible things. But K-LOVE us why we (people in El Paso) have had more people come to Jesus. I will not be happy if you take K-LOVE off the air. Every morning I hear "positive encouraging" more music K-LOVE. It warms my heart to hear the stories of how that person got saved.

by K-dO Up. It is the only thing I
listen to. So if you take it off
you are taking a piece of my
heart. Even kids love K-dO Up
if you take it off kids will be
couch potatoes. I listen to it

Dear Mr.:

Hi, I am a student from Emmanuel Christian School. I just love K-don my favorite song is "Butterfly Kisses." I think you should not take K-don off the air because it changes other people's lives and my life. It is the only radio station I listen to. You are taking away other people's life because you are taking God away from them. It seems that you are taking people's life and leaving people's life open. I can not live

without God. I want God to be in
other people's life because I want them
to be in Heaven with me and my
family. I hope you are going to
Heaven with me. You will have ^{lines} less
of other people if you take God off
the air.

Ladies and Gentlemen:

Hello I wanted to tell you that you shouldn't take K-Love 89.5 off because it is a blessing to all the people that listen to it. We like listening to all the wonderful songs that talk about God. On K-Love God talks to people through a song when people need help. We love the announcements because they tell us how to deal with difficult situations. God put those people there for a purpose which is to help people when they're in trouble. I'm asking if you could please leave K-Love on, we love listening to K-Love it's just so nice to hear the beautiful songs. If you would just listen to it you would see why we like it so much. Please just leave it on the radio so we can listen to it.
